January 2026

## New Year's Eve Ministry at WOWC in Newport News, VA

It was our great joy to minister at the New Year's Eve Service at World Outreach Worship Center under the leadership of Pastors Russell and Sylvia. I preached the message "Be a Mover of Heaven on the Earth." During the altar call, most of the participants came forward and the Lord touched them to heal, deliver, and empower them for the new beginning of 2026.

Have the most blessed New Year!

(The above center picture): James is invited to teach at Brother Steve and Sister Linda Quick's community group that meets on Monday nights, whenever he is in town. They have been a tremendous support for RLM for many years. (The above right picture): Margarita works hard at the office and her sweet cat, Shalom, enjoys keeping her company!

## Ministry at Wind & Word Life House in St. Petersburg, FL

For the past few years in January, we have been ministering at Wind & Word Life House led by Senior Pastor John Collins. We have been blessed to stay with Ted and Cathy Williams in their home whenever we visit the church. On Friday, January 16, James ministered to people who have endured and are overcoming a variety of challenging circumstances. As James prayed over people, many were delivered, healed, and set free. On Saturday, January 17, we held morning and afternoon sessions where James taught the message, "Proclaim God's Divine Life." On Sunday, January 18, James preached the message, "Shake Off the Viper into the Fire." During the altar call, many came forward and encountered a mighty move of the Holy Spirit. Some were delivered from demonic bondage and many others were healed from various sicknesses. (Top Right): Diana was healed of arthritis, as well as pain in her teeth, jaw, and back.

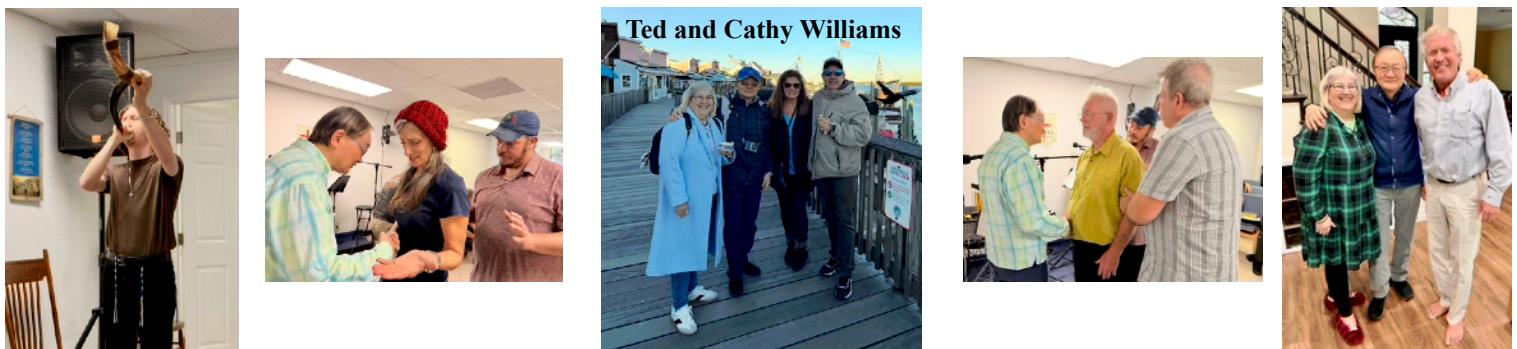

After receiving prayer, the pain in Robin's knees and shoulder was totally gone, and she was also delivered from demonic oppression.

Daniel experienced homelessness in the past and struggled with different kinds of bondages. When James prayed for him, the Holy Spirit touched him in a mighty way and He was delivered.

Johnie suffered a brain hemorrhage and lost vision in her left eye. She was totally healed by God after James prayed for her.

Germaine suffered from COPD and nearly died two weeks ago. Before James prayed for her, she struggled to breathe, but through prayer, God healed her completely and she was able to breathe freely.

(The above right picture): During the Sunday service on January 18, Gary, whom we have known for 25 years from Dayton, OH came down and visited the service. After James prayed for him, his knee and ankle were healed.

Please pray for James and Margarita's future missions trips in 2026: Guatemala in February, potential mission trip to Argentina in April, and mission trip to Uzbekistan in May.

We would like to thank all of our RLM partners who generously supported our ministry during 2025, and we pray that you will continuously sow into RLM in 2026. May the Lord abundantly bless you, your family, your church, and your business with His divine favor according to His promise in Luke 6:38 throughout this New Year!
